DRIVING QUALITY IN THE RAIL SECTOR WORLDWIDE

WHAT IS THE IRQB?

IRQB – THE INTERNATIONAL RAIL QUALITY BOARD, is a **global** consortium that **brings together leading** companies in rail operations, system integration and equipment manufacturing.

Established in September 2018, the **IRQB aims to foster a global culture of quality** across the whole rail sector, notably by promoting the use of the IRIS Certification® system worldwide to ensure high product quality.

IRQB believes that better **Quality will ultimately improve daily mobility on rail**, therefore IRIS Certification® **must be the seal of all involved stakeholders**.

OUR VISION

CONTRIBUTE to enhance the attractiveness and competitiveness of the rail sector globally by striving towards improved product quality.

SUPPORT, DEVELOP & IMPLEMENT the IRIS Certification® system **throughout the entire rail sector and supply chain** globally.

PROMOTE COOPERATION among all the relevant stakeholders with a view to **fostering a culture of quality** throughout the rail sector.

WHAT'S IN IT FOR MY COMPANY?

IRQB OBJECTIVE

The IRQB aims to strengthen trust in IRIS certificates based on performance rating and reduce the need for customer audits, by promoting the IRIS Certification® system.

BENEFITS OF JOINING IRQB

By becoming a member of the IRQB, your company or organisation will have unique opportunity to:

- ✓ contribute to the development of processes for conformity assessment to promote quality in the rail sector
- ✓ demonstrate your company's commitment to improving the quality of rail-related products and services worldwide
- ✓ access the latest information on quality for rail
- ✓ cooperate with key players in the rail sector

WHO CAN JOIN IRQB?

The IRQB consists of various types of rail sector stakeholders:

- railway operators and undertakings,
- equipment manufacturers
- and system integrators.

Any public or private legal entity within the rail sector may apply to join the IRQB.
